Rescue Squad to Be Incorporated; Gets Board Permit

Wants New Quarters for Housing Purchased Equipment

The village board has given permission to the Antioch Rescue squad to incorporate as an independent organization.

Capt Herman Holbek, appearing before the board Tuesday evening, said that as long as the board of trustees serves as a governing board to the rescue squad the city is liable for the squad actions and may be made a defendant to a suit if there should be a complaint.

As an incorporated non-profit organization the squad will be solely responsible for its actions.

President George B. Bartlett told Holbek he thought the procedure a good one, and while the relations between the rescue squad and village have been highly co-operative and the village has been proud of the group, he thought that it should have an independent status.

Trustee Arthur Rosenfeldt said the rescue squad is deserving of the highest praise and that it has been a credit to the community.

The resolution approving the change was unanimous. It does not remove the village from control of the squad until the final papers of incorporation are obtained.

Capt Holbek said the squad is getting its new truck and plans to keep the old one for auxiliary duty. He said that because of this more housing space for the equipment would be needed, and asked that the squad be permitted to rent the present fire department station after it is vacated for the new station.

He said an alternative was a new building and that a location near the water tower such as suggested by Trustee Walter Scott would be a good place.

President Bartlett said that such a plan was what he had in mind and that it should be investigated. He said there would be plenty of time yet to consider the matter.

A.T.H.S. Chorus and Band to Give Concert, Dance Friday Evening

Groups Will Be Directed by Hans Von Holwede of School Faculty

The Antioch Township High school chorus and band will give their annual spring concert in the school auditorium tomorrow evening.

The program will be in two parts with the chorus first presenting seven numbers and the band six selections. Hans von Holwede is director.

A dance to which all of those attending the concert are invited will follow.

Numbers to be sung by the chorus are:

"Cherubim Song," by Bortnyansky; "The Sleigh," by Kountz; "Open Our Eyes," by Macfarlane; "Keep in the Middle of the Road," by Bartholomew; "Lift Thine Eyes," by Rider; "Czechoslovakian Dance," by Krone; and "Battle Hymn of the Republic," by Wilhonsky.

The band will play: "Hall of Fame," Olivadoti; "Rienzi Overture," Wagner; "Little Rhapsody in Blue," Gershwin; "Moerccargill," Lithgow (Bob Simons, student, directing); "Triumph of Ishtar," and "El Caballero," by Olivadoti; "Star Spangled Banner."

Mrs. John Atkinson New Teacher for Grade School Is Only Change Next Year

Antioch grade school teachers have all contracted to return next year with the exception of Mrs. Anna Nielsen, who is retiring.

Mrs. Charlotte Atkinson, who at one time taught the fourth grade will return to teach the third grade in Mrs. Nielsen's place. Mrs. Atkinson and her husband, John Atkinson, have disposed of a business establishment in Elkhorn, Wis., to return to Antioch.

Members of the school board convened in special session with Emil Lubkeman in charge as the new president, Henry J. Rentner was elected secretary.

St. Peter's Minstrel Show Is Set for May 2, 3, 4

The Minstrel show to be given at St. Peter's hall on May 2, 3, and 4 is well on the way toward production.

The inimitable Otto Klass will again hold down his position as Pork Chops, the peppiest of end men. Junior end men are expected to attract much attention through their dance.

Last year's show which was such a big success is to be exceeded this year according to those directing it.

Famous Tenor to Appear At Methodist Church in Recital Monday Night

Pruth McFarlin, guest soloist, will appear in recital Monday evening at 8 p. m. in the Methodist church.

"McFarlin has one of the greatest voices I've ever heard," says James Melton quoted in the New York World Telegram. "A voice touched with the spark of genius," remarks Marian Anderson, world-renowned contralto. Glenn Dillard Gunn, Washington D. C., Times-Herald says of McFarlin, "A Negro tenor who seems destined to wear the mantle of Roland Hayes." McFarlin's recitals have established him as a sincere and serious artist; and youth, charm, and good looks are by no means the least of his attributes.

Receiving his Bachelor of Arts degree from Southern University, he came north to study at one of the great music schools of the East. A protégé of the Kiwanis Educational Foundation, McFarlin came to the attention of Frank LaForge, eminent Pianist-Composer and Voice Coach, whose illustrious pupils include Marian Anderson, Lawrence Tibbett, Lily Pons and Richard Crooks. Taking the young tenor in hand, Mr. LaForge so trained and tempered his talent that Pruth McFarlin is now unquestionably one of America's greatest tenors.

In this young and optimistic tenor's busy career, he has given little thought to the fact that he is a victim of infantile paralysis which visited him at the age of two. Dedicating his life to the War effort for the duration, he met with great success before our men and women in the armed forces; and he now devotes a great amount of time singing for our veterans confined to our government hospitals. Mr. McFarlin's Columbia Broadcasting System Programs have made it possible for him to reach millions with his golden voice as evidenced by his nation-wide fan mail.

Success with Pruth McFarlin was from the very first a matter of singing in an easy and natural way the songs people loved. Whatever the song, an operatic aria, a Negro spiritual or a familiar folk melody, it is imbued with a quality that characterizes the sincerity of his personality. Metropolitan critics have been most enthusiastic in their praise of McFarlin's great talent.

The Methodist Choir feel exceptionally fortunate being able to sponsor this outstanding Negro tenor. There will be no admission charge but a voluntary offering will be taken.

Arthur Loeper, Former Antioch Resident, Dies in Waukegan

Arthur Loeper, 58, of Zion, died Wednesday, April 21, at 2 o'clock p. m. at Victory Memorial hospital, Waukegan, following a month's illness.

He was born September 21, 1889, in Chicago and made his home in Antioch for twenty-five years before moving to Lake Villa and lived there for thirteen years previous to moving to Zion two weeks ago. He was a carpenter contractor by trade.

Survivors are his wife, Sadie, three daughters, Mrs. Louis Van-Patten, of Antioch, Mrs. Loretta Windkusi, of Waukegan and Mrs. Rose King, of Zion, three sons, Henry, of Zion, Wilbert of Winthrop Harbor and John of Antioch, eight grandchildren.

Funeral services will be held Friday, April 23, at 2 o'clock from the Strang Funeral home, with the Rev. Dwight V. Dixon in charge. Interment will be in Hillside cemetery.

No School On April 30

Both grade and high schools in Antioch will be closed Friday, April 30 while the teachers attend the Visual Aid institute in Waukegan.

Zion Fisherman Saves Infant Son from Waters of Channel On Monday

A Zion man who refused to give his name saved his 18-month-old son from drowning in the channel near Smart's place Monday night when he brought the baby to the surface from the back seat of an automobile which was submerged there.

The man and his wife left the child sleeping in the back seat of the car while they fished along the bank with another man. Suddenly the car started rolling down the embankment and into the channel, disappearing from sight.

The father of the child dove into the water at the same time the car sank and reaching in the open door pulled the baby out. Because of the pocket of air in the car the baby got no water in its lungs and merely gave a gasp as it reached the surface and the father's hand was removed from its face.

The Hunter garage was called and the owner of the submerged car, a Ford two-door sedan, dove again in fastening a chain around the bumper. The wife's pocketbook with all the money the family possessed was found in the back seat of the car undamaged.

Comment was made that the man was an expert swimmer.

Antioch Loses Close Meet to Grant High; Baseball Starts Friday

Leading by eight or more points up until the last two events, the Antioch Township High school track and field team lost the pole vault and relay giving Grant Township High school a 66 to 65 victory Tuesday afternoon.

The meet was run off in miserably cold weather.

Antioch with January as its outstanding point winner, set a time of 5:14.6 in the mile and 2:20 in the 880 where Buchta ran January at dead heat. The Sequoits won the discus and the broad jump, but lost the shot put, the 100-yd. dash; 220-yd. dash, and low hurdles, high jump.

A tie for third was all the Sequoits could get in the pole vault and with one point behind, they had to take the relay to win. One of the runners dropped his baton and the struggle became hopeless.

The freshman-sophomore team is meeting Zion today and on Saturday the varsity will compete in the Palatine relays.

The baseball season will open tomorrow with a game against Grayslake. Crawford, Mattson and Poulos will be the Antioch pitchers and Appanatis will catch.

Cast Selected for Play To Be Given by Seniors Of Antioch High May 13

The cast for the senior class play, Cracked Nuts, which will be given May 13 and 14 at the Antioch Township High school has been selected by Miss Jeanette Darrough, coach.

The cast is well balanced. Miss Darrough said, so there are no particular leading roles, for one character is as valuable to the play as another.

Drusilla Nutt, the owner of the Nutt mansion, so the story of the play goes, decides that she needs a rest so she makes a journey to Colorado. Her part is played by Shirley Vos. While she is away her nieces, Peggy and Ginger, played by Arlene Malm and Joan Conrad decide to rent out rooms in her house to make spending money.

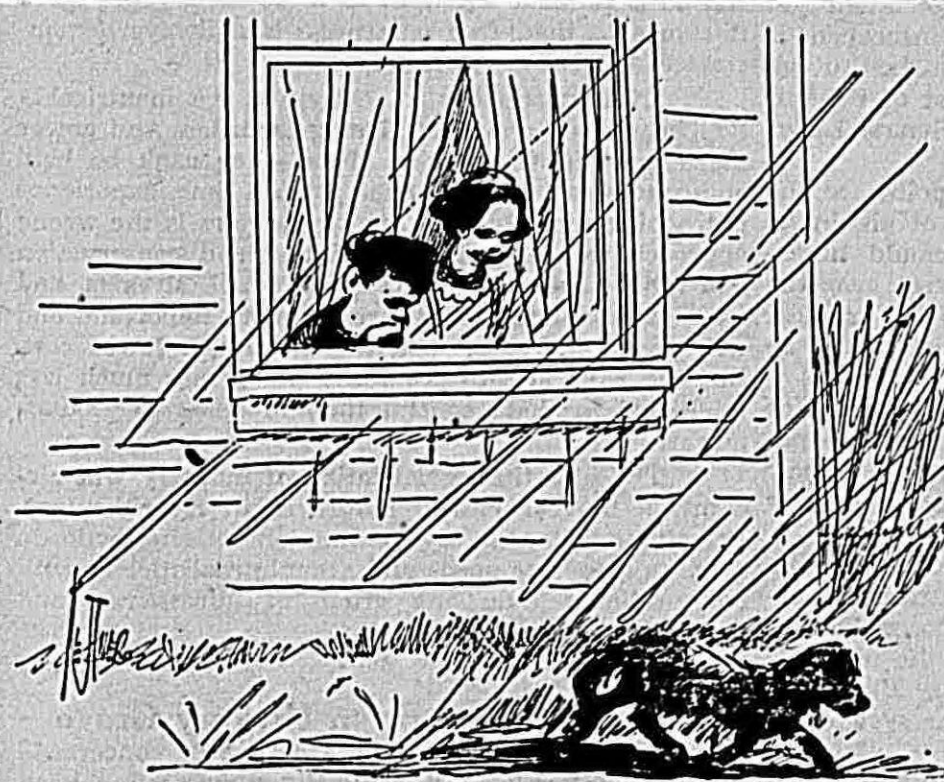

Much humor is added to the story by the colored maid, Donna Lasco, another handy man, Ernest January. Another character, Gussie Garfinkle, is a gloomy housekeeper, who always has premonitions. Clarice Schultz has this part.

A Magnolia Blossom, Margaret Runyard, appears on the scene to vamp Professor Beamish, who is none other than Earl Brabant. His charming nephews are Walter Kullgowski and Warren Wells.

The story would not be complete without guests coming on the scene. They are the aristocratic DeWeeses, Delores Mille and Edwin Kania. Others add to the humor, pathos and melodramatic scenes.

The play is well under way and practice has begun in the third act. The cast is well selected; the stage managers are good; and the play should be a success, Miss Darrough said.

New Fishing and Hunting Information Bureau Set up in Chicago for Chain O' Lakes Region

An innovation in state services to fishermen and hunters has been inaugurated by the Illinois Department of Conservation.

A new Fishing and Hunting Information Bureau, set up in the Chicago offices of the Department at 160 North LaSalle Street by Conservation Director Livingston E. Osborne, will furnish the answers to two questions uppermost in the minds of most sportsmen:

Fishing Bulletin No. 3

Fishing has been poor all of last week. Most of the fishing is along the Channels. Crappies are being caught in Squaw Creek, Sherman Channels, Jacks Channels, Round Lake, Diamond Lake and ditches around Pistakee Lake, all on minnows.

Blue Gills are being caught on wet flies in Round Lake, Diamond Lake, ditches around Pistakee Lake, Channels north of Lake Catherine and North Bay of Grass Lake. These channels will be very good with a little more warm weather.

Turn Clock up Sunday; Daylight Saving Time For Five Months Due

Don't forget to turn your clocks ahead when you retire Saturday night.

Antioch like other villages in Lake county will go on daylight saving time.

If you want to spend the same number of hours in bed that you have in the past you will retire an hour earlier and get up an hour sooner.

But daylight saving is nothing new to people of this area. It is only when motorists and others go a few miles north into Wisconsin that they become confused.

The village board provided for the changeover at its meeting Tuesday evening through resolution. It was decided that the time was too late to pass an ordinance providing for the annual change to daylight savings time.

It was noted that the change was made to conform to Chicago's ordinance, which calls for earlier hours from the last Sunday in April to the last Sunday in September.

Mrs. Anna Kelly's Sister Succumbs at Libertyville

Funeral services for Mrs. Elizabeth Wipper, 74, of Rtes. 21 and 63, former resident of Antioch, who passed away at Condell Memorial hospital at Libertyville, Saturday, April 17, following several years of failing health, were held at 2 p. m. Tuesday at the chapel 120 W. Park Ave., Libertyville. She was interred in the Union mausoleum, Grand Ave.

She was born in Antioch where she lived all her life until going to Minnesota, where she spent several years.

She was a member of the Order of the Eastern Star of St. Paul, a member of the Daughters of the G. A. R. and a charter member of Olson Camp No. 459 Royal Neighbors of America at Antioch.

Surviving besides the husband, William, are two daughters, Emily Schaeffer, of Denver, Colo., and Mrs. Mabel Goggins of Libertyville, two sisters, Mrs. Nellie Ray of Waukegan and Mrs. Anna Kelly of Antioch and a brother Fred Brown of Waukegan.

Excavation Begun For Fire Station On Orchard Street

Work on New Building Will Proceed Rapidly When Materials Come

Construction of the village's new fire station fronting on Orchard st. was started yesterday.

Ed Kidera of Lake Villa, the general contractor, has sub-let the excavating job to Marvin Walker of that village and the end of this week should see the digging finished and the footing started.

Part of the dirt from the excavation is being hauled to Ida ave., to provide a fill for the approach of the Soo line track crossing to the village property on the east side of the tracks.

Work on the building was commenced after the village board decided upon the exact location Tuesday night. Members set the structure back far enough so that Orchard st. may be given an 80-foot width should widening ever be considered.

There will be an approximate 34-foot space behind the building and sufficient space on the west side so that a street can be put through and trucks can be maneuvered. Entrance will be on the Orchard st. side.

The building will be so situated that when conditions are favorable a main structure can be added for village offices.

The representative of an Anderson, Ind., concern that built the body of the new fire truck was present at Tuesday's meeting and was told he would have his money in 30 days. The village will have to borrow but \$2,500 in paying the entire cost of the truck and that amount will be borrowed locally.

The chassis cost \$3,728.86 and the body \$5,222.88, with an additional \$14.75 expenditure bringing the total cost to \$9,066.49.

Tuesday's meeting was an adjourned session from earlier in the month. Other matters transacted by the board include the decision to retain tavern licenses at last year's figure.

Bud's Tavern Wins in Women's Handicap Play As League Season Ends

Bud's Tavern won the Women's Handicap Bowling league this week with Club Villa finishing second and the Antioch News third.

Bud's went into first place last week with a three-game victory leaving Club Villa and Antioch News tied for second. Games this week were the deciding factor.

Other teams finished in the following order: Pagels, Smith's Slide Inn, Golden Glo, Salem, Ehrhardt, Johnson's, Regal's, Chain O'Lakes, and Pickard's.

Thursday Men's League

The Thursday Business Men are bowling on Friday's also for the next two weeks to make up their holiday bowling. On Thursday Johnson's Resort won 3 from Hairrell's Grocery. C. Gibson rolled 562 for Johnson's and H. Shank had 527 for Hairrell's.

Friday, Johnson's took two from the Lions club. E. Tiede had 545 for Johnson's and J. Horan was high with 504 for the Lions.

Keulman Bros., lost two games to Friedle Constr. Thursday. J. Waldweiler rolled 533 for Keulman while R. Fields had 495 for Friedles.

On Friday Keulman dropped all three games to Hairrell's Grocery. S. Miller was high on Keulman's with 551 and H. Shank had 589 for Hairrell's.

Salem Business Men lost three to Stanley's Resort on Thursday. H. Grewe had 540 for Salem and E. Kania had 570 for Stanley's.

Salem took only one game from Herron's Mink Ranch Friday. H. Grewe and H. Wisoski both had 520 for Salem while L. Nelson had 518 for Herron's.

Carey Electric won two from the Lions club Thursday. R. Eckert rolled 491 for Carey's and B. Manzardo had 501 for the Lions.

On Friday Carey's won all three games from Friedle Construction. I. Carey had 548 and R. Corrado 488 for Friedles.

Lee's Bar won two from Herron's Mink Ranch on Thursday. G. Martin's 533 was high for Lee's and G. Bremner's 550 was tops for Herron's.

On Friday Lee's Bar lost two

The Danger In Compulsory

Health Insurance

What is perhaps the strongest indictment yet made of national compulsory health insurance is found in a study made by the Brookings Institution. The study was undertaken at the request of Senator H. Alexander Smith, Chairman of the Senate Labor Subcommittee on Health.

In its conclusion, the Institution points to the main basic faults in the proposal. First of all, in its opinion, compulsory health insurance would necessitate a high degree of government control over the personnel and agencies engaged in providing medical care. It is extremely doubtful if politics could be eliminated from so vast a bureaucracy.

Second, the plan would inject the government into the relationship between practitioner and patient. There is a real danger that this would impair that relationship and hence lower the quality of medical care.

Third, the plan would actually increase the cost of medical care because of administrative overhead, the tendency of insured people to make unnecessary demands for treatment—on the grounds that they'd paid for it—and the possibility that some practitioners would take advantage of the system for their own financial advantage.

Finally, the Institution points out, many of the needy for whom the plan is supposed to be designed would "lack the means to attain and maintain an insured status."

The Brookings Institution has a deserved reputation for objective, factual reports on many important issues. Its findings in the case of compulsory health insurance should be given the widest study and attention.

Nature Wins

Even socialism can't lick nature—as a series of recent events has proved.

In California, there has been the worst drought in a great many years, and it has naturally been accompanied by power shortages. The government ownership zealots promptly started whooping and hollering that government power plants could prevent such shortages. However, at the same time, Ontario, Canada, was experiencing an even more severe power shortage. And Ontario is served by a government owned hydro authority which has long been a model for similar ventures in this country.

LAKE VILLA

Rev. Dwight Dixon, pastor of the Community church announces that his sermon topic for the next Sunday worship service at 11 a. m. is "Communism, What About It?" It will be a discussion of the stand of the church concerning this political philosophy and you are welcome.

The first pot luck supper in the remodeled basement will be next Friday evening, Apr. 23, at 6:30 p. m. You are asked to bring a dish of food for the supper and every member of your family. Mr. Valentine Sherring, of India, will speak of his native land.

The Methodist Youth group will meet at the church next Sunday afternoon for a scavenger hunt and a good time is assured.

The W. S. C. S. met in regular session at the church on Wednesday afternoon this week with Mrs. Agnes Kelly and Mrs. Alice Walker as hostesses instead of Mrs. Hans Nelson and Mrs. Olga Fischer as formerly announced. The change was made necessary because of illness of Mrs. Hans Nelson.

A number of local men last week finished the woodwork in the church basement, which is a great improvement. They are Harry Pav-el, Harry Weber, John Fath, Fritz Wagner, Ted Schlagel, Dick Ennis, Dick Hansen, Phil Ward and Gene Nickerson. Pat Keller was also a great help.

Carol Linda Spriggs, small daughter of Mr. and Mrs. Richard Spriggs, of Venetian Village, was baptized at the morning service of the Community church last Sunday.

Mr. and Mrs. Lester Hamlin were in Milwaukee on business last Friday.

Mrs. Clarence Blumenschein and Mrs. Jake Fish were Chicago visitors last Saturday.

Mr. and Mrs. Harry Nickerson visited Mr. Nickerson's mother, near Gary, Ind., over the weekend to help her celebrate her birthday.

Mr. and Mrs. Raymond Hussey, formerly of Lake Villa, now of De Land, Fla., announce the arrival of Joan Frances Hussey, on March 30, and everyone is happy. They have another daughter, Margaret Ann.

A spring dance, card and bunco party will be given by the Cedar Lake School Parent-Teacher Association at Karsten's tavern, formerly Anderson's on Rt. 59, on Saturday evening, April 24. Music for dancing by the Rhythmaries, of Ingleside.

This is for the benefit of the hot lunch program and the members of the P. T. A. will appreciate help in making this party a success, and will in return, do their best to give you a pleasant evening.

Mr. and Mrs. Wm. Maule, who arrived from Scotland on Sunday a week ago are with cousins, Mr. and Mrs. Elmer Monnier on Oak Knoll Drive. They left their home in Tillicoultry, Scotland on Thursday, April 8, by plane for New York and came by train to Chicago, where the Monniers met them. They

The Tennessee Valley Authority has been praised to high heaven as a flood control project. It has cost the taxpayers hundreds of millions of dollars. Yet, when turbulent waters struck in mid-February, even TVA couldn't handle the job. In the words of an AP dispatch, "On the Tennessee river, the flood waters were too much for the great dam set up by the Tennessee Valley Authority. The huge reservoirs filled and the water was released to rush over the low country."

There are some very obvious lessons in all this. First of all, neither free enterprise nor socialized enterprise can create a single drop of rainfall. All either can do is to make the most of what exists—and when it comes to that, free enterprise has always demonstrated a great superiority.

TVA's flood control activities are inextricably tied in with its power producing facilities. And power dams must have water in them—they can't be held empty to await floods. At the present time, experience is teaching that building huge reservoirs is the wrong approach to the problem, and that soil conservation and flood prevention work on small streams and tributaries of large rivers are far more important, and will produce greater benefits at a much lower cost. But the advocates of socialized power are much less interested in flood control than in dams to produce power.

The idea that socialization of industry will circumvent the vagaries of nature is utterly ridiculous. Private industry, in every line of activity, will do more to meet our needs and grapple realistically with our problems than any group of bureaucrats and political hangers-on.

The Low Down From Hickory Grove

Well, I see where they are "deeply concerned" again, down yonder on the Big River. Proceed, chimed in Henry—being "deeply concerned" is old stuff—but I got a minute, he says, so what is the latest? It is the CEA—the economic adviser boys, I says. They are deeply concerned about electricity. They cannot leave it to some guys who really know a kilowatt from the side of a house—the guys who picked up the burden where Edison left off, and gave the U. S. A. the world's brightest lights.

The CEA put Uncle Harry up to asking for still more tax-free dinero to pour into the Tennessee. And in the same paper I see where Great Britain has gobbled up its sixth major business under its socialist Govt.'s program—the electric business. And on the same day it took over, it announced that domestic rates in some areas would need be raised.

Any person left in our U. S. A., who does not savvy what TVA and the 100 other dams and schemes in our own fair land is headin' us into, should glance across the Old Pond, or let their wife or somebody feel the bumps on his belfry.

Yours with the low down,

Illiteracy in Cities
Illiteracy in Pennsylvania has shifted from the country to the city, Pennsylvania State college found in a detailed population study. On the basis of census data, 4.3 per cent of the urban population is classified as illiterate, compared to 3.5 per cent for the rural. Illiteracy is higher in Pennsylvania than in the nation as a whole, although the rural population of the state has a smaller percentage that cannot read or write than the rural population of the nation.

Cheese on the Shelf
Another entry to the handy shelf of ready-to-serve food in cans is processed cheese. Cheese packed in metal containers is not a new idea. Some was packaged this way before the war for export and domestic use. But the demand for cheese as a long-term shelf food is increasing. At present, the cheese is available in 14-ounce vacuum packed, key-opening cans. It requires no special refrigeration and may be stored on the food shelf with canned fruits and vegetables.

Take Trip to Starved Rock

Miss Jeanette Darrough, teacher in the Antioch High school, sponsored an outing for a group of boys who made a trip to Starved Rock Sunday. Those making the trip are Peter Poulos, Richard Radke, Ronald Vos, Jack Vos, and James Kennedy. The day was spent in exploring the rock, following old trails and seeing the sights of the park such as the canyon, rock formations and Indian legendary features. The boys were impressed with the beauty of the drive along the Illinois river and have decided that the place is not only one of great historic value but of great beauty as well.

Mrs. Anna Kelly has been confined to her home on North Main Street for the past three weeks due to illness.

Alfred Pedersen, Sr., is ill at his home on Lake Street.

Flag of the Americas

The flag of the Americas was adopted at the seventh international conference of American states at Montevideo in 1933. It is white to symbolize peace and bears three purple crosses to signify the three caravels of Columbus. Behind the central cross is a bronze sun of the Incas, commemorating all the native Indian races of the three Americas or the Western Hemisphere.

Reuse Tin Cans

Tin cans may be salvaged and used twice or oftener, cutting down one of the worst of this country's metal wastes, under a patent issued recently. After the can has been used, it is cleaned thoroughly, lid seams are cut off and the can is subjected to drawing, which stretches the wall to its original height. It then is ready to be refilled and have a new lid rolled on.

Ninety Million Go

There are 17,500 motion picture theaters in U. S. which have a combined weekly attendance of 90 million.

New Rent Control Law Has Several Changes

The main changes in the new Rent Control law are as follows: a 60-day written notice must now be served on a tenant to be evicted instead of a 30-day notice. This does not apply to non-payment of rent or nuisance.

A landlord may have a tenant evicted for his own occupancy or for occupancy of his immediate family, such as son, daughter, father, grandfather, son-in-law, daughter-in-law, etc.

Sleeping rooms in private homes have been decontrolled, provided there are no more than two tenants in the house, that is to say—one room may be rented to a couple or two rooms may be rented to two separate persons.

Landlord has opportunity to negotiate with tenant for an immediate increase in rent up to 15 per cent has been added. In order to obtain this increase, the tenant must be given a 60-day notice.

A lease up to December 31, 1948, longer. A copy of this lease, by both landlord and tenant, filed with the rent of office must be filed with the rent of office.

If the tenant moves out, the landlord must obtain a raise in rent, not giving a lease, by pending, on the form showing your life, won't you, such as taxes, for granted, outside painting, new repairs, etc.

3. If the tenant moves out, the landlord must obtain a raise in rent, not giving a lease, by pending, on the form showing your life, won't you, such as taxes, for granted, outside painting, new repairs, etc.

4-H Club Rally Friday At Grayslake to Start Membership Campaign

The Grayslake Grade school gymnasium will be the scene of the 1948 4-H club rally program which will be held on Friday evening, April 30, starting at 8:00 o'clock, according to Ray T. Nicholas, farm adviser and Helen Volk, home adviser.

Most of the evening's program will be devoted to recreation. An interesting program of songs, games, pictures and dancing has been planned. Refreshments will also be served.

Every 4-H club member, parents and friends of the club members are invited to attend. Those not now members, but who plan to enroll are also invited.

Every 4-H club member who brings a boy or girl to enroll in 4-H club work this year will be presented with a suitable award during the meeting. Each boy and each girl who brings in the most new members will receive a special award.

Start Membership Drive There were 575 girls and boys enrolled in 4-H clubs last year in Lake County. The 1948 goal calls for an increase of 10 per cent over last year. This makes the 1948 goal 632 members, or an increase of 57 new members.

There are approximately 874 boys and 713 girls between the ages of 10-19 included in the rural farm population of Lake County. In order for Lake County to achieve its goal around 40 per cent of the eligible youth must be enrolled in either a boys' agricultural or girls' economics 4-H Club.

Public Service Company To Install 22-Mile-Long Holder Pipe in Lake Co.

Under a petition filed this week with the Illinois Commerce Commission, Public Service Company of Northern Illinois proposes construction of a 22-mile-long "holder pipe" in Lake County capable of storing 16,000,000 cubic feet of natural gas.

The 20-in. steel "pipeline," which will be buried under the utility's right-of-way now carrying its 132,000 volt electric transmission lines, will reach from Volo to Waukegan.

Completion of the project, if approved by the commission, is expected before next winter.

According to the petition, the new Lake County installation will provide "needed gas storage in the northern part of the company's service area and will allow more flexibility in the operation of its distribution system which now serves over 50,000 customers in 37 north and northwest suburbs."

Principal emergency storage at present is an underground pipe storage facility for 40,000,000 cubic feet of natural gas installed last year on a 160-acre site near Mt. Prospect.

Natural gas for the area now flows into Public Service distribution mains at a point near Volo where the company's system connects with a pipeline from the Texas Panhandle.

Company officials said the new Volo-Waukegan "holder pipe" would not only serve as an added protection to gas supplies on cold days when demands reach their peaks but could also be utilized on

off-peak summer days to supply gas for making electricity at the utility's electric generating station at Waukegan, eastern terminus of the proposed new pipe.

Although coal will continue to be the principal fuel burned at the station, the new pipe will permit use of gas in the station's boilers on such days as it is available, the petition said.

On cold days when demands of house-heating and other customers reach their peaks, valves would be closed making the 22-mile-long pipe available as a gas storage holder for emergency reserves and peak shaving, it was explained.

Local Men See Operation Of Grain Conservation at Missouri Research Farm

A. K. Ringe of Wadsworth and George Wagner of the Antioch Milling Co., and George Ylonen, R. F. D. 1, Antioch, have just returned from a visit to the Purina Research Farm at Gray Summit, Missouri, where they saw many practical operations to conserve the nation's grain supply.

Wagner and Ylonen say it is possible for most farmers to make great savings in grain, judging by what they saw at the Purina Farm. In producing meat and eggs, one bushel of grain can do the job of two when fed with proper supplements of proteins, minerals and vitamins.

On this 738-acre farm in the foothills of the Ozarks, Wagner and Ylonen saw how turkeys can be raised and marketed the year round. They saw sows which produce an average of 18 pigs yearly on a two-litter-a-year program. They saw dairy heifers raised on dry feed ready for breeding at 12 to 15 months.

For more than 20 years, practical research on this farm has developed programs on breeding, feeding, sanitation and management which have steadily increased the production of meat, milk and eggs and, at the same time, made a corresponding saving in grain.

First Direct Primary First known use of the direct primary in the United States was in Crawford county, Pa., in 1868.

Sweepstakes Bowling Will Start on Weekend At Antioch Recreation

Bowling for sweepstakes will start this weekend at the Antioch Recreation lanes.

It will be the big windup of the season and a climax to league play which is coming to a close.

Match bowling may still continue. Last Sunday night bowling match between the Antioch Boosters, Vos, Grewe, Keulman, Miller, Kania, and Ashe, and the Antioch Servicenter, Horan, Carney, Gibson, Pape, Bauer and Hallwas developed into a nip and tuck affair and after the totals were added up by Mrs. Kania, the score keeper, the challengers, the Antioch Boosters were winners by 45 pins. E. Hallwas was high man for the Servicenter sextet with a total of 584. K. Ashe of the Antioch Boosters led his team with 568.

Total pins spilled by the Boosters 3222. By the Servicenter 3177. The pink carnations and the white lilies were properly distributed by Marshal Fred Peterson, and did the carnations smell good to the winners and the lilies look good on the losers. The winners did not know what to make of it when they were asked for their autographs by several of the girl rooters.

The match is to be an annual event.
